## Comfy Sacks

Our Comfy Sacks are incredibly comfortable foam bag chairs. Perfect for home theaters, family rooms, and basements.

## 8 ft Sack

Quite possibly the largest foam bag chair available, the 8-foot Comfy Sack beats out any large beanbag chair on the market. Whether it's for family, hosting a party, or Monday night football, our 8-foot Comfy Sack can hold up to 6 people.

## 7 ft Sack

The 7-foot Comfy Sack is the perfect product for 2-3 adults. Its large size needs plenty of space to fit it.

## 6 ft Sack

The 6-foot Comfy Sack is one of the most popular products we sell because of its size. It is large enough to fit 2 large adults, but is also small enough to fit in most apartments and houses.

## 5 ft Sack

Get the 5-foot Comfy Sack which Apple selected to outfit all their creative rooms at their corporate headquarters in California. This 5-foot sack can fit in most houses, and can easily fit 1 adult or 2 children.

## 4 ft Sack

The 4-foot Comfy Sack is perfect for teens and children. Its quickly becoming the top product for apartments and dorms all over the country.

## 3 ft Sack

The 3-foot Comfy Sack is made for kids and teens alike. It's small enough to fit in children's rooms, but large enough to comfortably seat teens.

## Comfy Nest

The Comfy Nest is our newest product in our line of Comfy Sacks. It was created to function as THREE products in ONE! This product is one product but can be used in all three positions seen in the picture.

## Pillow Sack

The Comfy Pillow is perfect for people who want to enjoy the comfort of the Comfy Sack but don't have enough space to purchase one.

# Comfy Sack Lounger

Our bean bags are made of high-quality furniture-grade polyurethane foam, the same material that is used in the best couches and chairs out there. Unlike a traditional couch, a bean bag couch completely supports your body, no matter how you sit or lie. Bean bag couches can easily replace your current couch.

## 7.5 ft Lounger

The 7.5-foot lounger is the ultimate lounger for someone looking for the comfort of a Comfy Sack, and the versatility of a couch or futon. Due to its large size, this 7.5-foot bean bag lounger can easily fit 3-4 people (like a couch) and also makes a great bed (like a futon).

## 6 ft Lounger

The 6-foot lounger is the perfect size for two large adults and can be used as a couch or a lounger for stretching out and relaxing. Its larger size makes it a top choice for home theaters and family rooms.

## 5 ft Lounger

The 5-foot lounger is the ideal piece of furniture for dorm rooms, bedrooms, apartments, and spaces that are more compact. This lounger fits 1 large adult or 2 teens.

## Kid Sack

The foam never needs to be replaced because it will never lose its shape. It also stays inside the sack guaranteed! The bean bag chair for kids comes with durable inner liners; this allows the cover to be removed and washed.

## Kids Lounger

While all the products we sell are for both kids and adults we decided to make a product line JUST for kids. Add one of these Mini Loungers for your little rugrat to make sure they are lounging in style!

## Replacement Covers

We offer additional beanbag chair covers for all sizes of our Comfy Sack foam furniture. Chair covers are available in micro suede, pebble, furry, cords and specialty fabrics such as polar fox and midnight fox.
